

## ALL COUNTY OFFICES CLOSING TO PUBLIC

In response to the Coronavirus (COVID-19) pandemic, as of March 25, 2020, at 5:00 p.m., all Chesterfield County Offices will be closed to the public. This measure is to help prevent the transmission and spread of the virus between members of the public, as well as the public and county employees. However, understanding that citizens still have various business to transact with the offices of elected officials and county departments, procedures have been developed to allow such business to continue uninterrupted. Of course, this may cause some inconveniences to the public but please know that Chesterfield County, if at all possible, does not wish to close down completely such that business would cease altogether. We ask that you bear with us and thank you in advance for your patience as these procedures are implemented in an effort to provide the most efficient and effective service possible during this difficult time.

Below is a list of the various offices including contact information. Additionally, if feasible, citizens are encouraged to conduct transactions online and the normal fees for doing so have been waived.
